

TERMS AND CONDITIONS – Ryanpin Riichi Open

These terms and conditions are to inform you about which data we are using in what way if you register for the Ryanpin-Riichi Open. If you want to participate in the tournament, you must accept them when registering.

1. Person responsible and contact information

Name and address:

Michael Gürtl-Dusleag

Email: ryanpin@jesterbox.org

2. Which data we use and why

When you fill out the registration form, an email with all the information you provide will be automatically sent to tournament organizer. It is required to provide your full name, your email address and the country you are going to represent. If you want your results to count towards the EMA (European Mahjong Association) ranking, you will also have to provide your EMA number. The data is used only for the organization and process of the tournament. A list of the participants showing the first name, first letter of the last name, country and EMA number will be published on the registration site. Your email address will only be used to contact you for tasks regarding the tournament (e.g. lunch options). During the tournament, we will take photos of the participants which will be published at the website of our partner Ryanpin (ryanpin.jesterbox.org). If you don't want your pictures to be published, you can simply write an email to ryanpin@jesterbox.org and we'll not publish pictures with you on them.

Your name and email address will also be used to create an account in the scoring system used for the tournament, that can be found under <https://gui.riichimahjong.at>. In case you don't do it yourself before the tournament registration closes.

3. Who we share your data with

During the tournament, we will project intermediate results including your name and score onto the wall. Please note that we cannot take responsibility for what happens with pictures taken of those projections or yourself by other participants. Since the tournament is an EMA rated one, the results including your full name, country and EMA number will be sent to the EMA ranking manager (ranking@mahjong-europe.org), who will publish the results on their website. If you don't want your name to show up there, we can anonymize your result but there is no way it can count towards the ranking then. Please write an email to ryanpin@jesterbox.org if you want to make use of that option. For informative reasons, we will also send the full results and pictures of the top three players to various mahjong news sites. If you ask for your results to be anonymized, your name will not be shown in the data sent to the news sites.
